

Research Development projects (Larger Strategic projects, Initiative projects, Individual PostDoc and PhD projects, and Pilot projects) awarded in 2009 with project start from 2010

Applicant	Institution	Title	Link to project in Danida Research Portal
Anette Reenberg	University of Copenhagen, Institute of Geography	A region wide assessment of land system resilience and climate robustness in the agricultural frontline of Sahel (LaSyRe-Sahel)	http://drp.dfccentre.com/project/region-wide-assessment-land-system-resilience-and-climate-robustness-agricultural-frontline-
Sisse Bolm Ditlev	University of Copenhagen, Centre for Medical Parasitology	Assessment of the efficacy of a VAR2CSA based vaccine to prevent malaria in pregnant women	http://drp.dfccentre.com/project/assessment-efficacy-var2csa-based-vaccine-prevent-malaria-pregnant-women
Stefano Ponte	Danish Institute for International Studies, DIIS	Inter-locked crises, competing value chains, and food security in Africa	http://drp.dfccentre.com/project/inter-locked-crisis-competing-value-chains-and-food-security-africa
Anja Byg	University of Copenhagen LIFE Danish Centre for Forest, Landscape and Planning	Climate change and rural livelihoods in Nepal	http://drp.dfccentre.com/project/climate-change-and-rural-livelihoods-nepal
Maria Vang Johansen	University of Copenhagen LIFE, DBL - Centre for Health Research and Development	Securing rural Livelihoods through Improved smallholder Pig Production in Mozambique and Tanzania (SLIPP)	http://drp.dfccentre.com/project/securing-rural-livelihoods-through-improved-smallholder-pig-production-mozambique-and-tanzania
Sara Cathrine Lei Sparre	University of Copenhagen, Institute of Anthropology	Generations and social activism: new forms of youth organisation in Egypt	http://drp.dfccentre.com/project/generations-and-social-activism-new-forms-youth-organisation-egypt
Solveig Danielsen	University of Copenhagen LIFE, DBL - Centre for Health Research and Development	Plant health systems - a novel approach to plant healthcare in Uganda	http://drp.dfccentre.com/project/plant-health-systems-novel-approach-plant-healthcare-uganda
Kewin Bach Friis Kamelarczyk	University of Copenhagen LIFE, Forest & Landscape	Closing the gap - integrating forest research outcomes in nominal forest policy formation	http://drp.dfccentre.com/project/closing-gap-integrating-forest-research-outcomes-nominal-forest-policy-formation
Åse Bengård Andersen	KUH University Hospital of Copenhagen	Improving efficacy and safety of TB and HIV treatment by nutritional supplementation	http://drp.dfccentre.com/project/improving-efficacy-and-safety-tb-and-hiv-treatment-nutritional-supplementation
Rasmus Heller	University of Copenhagen, Department of Biology	A population genomics approach to assessing the impact of climate change on the evolution and dynamics of East African bovinds	http://drp.dfccentre.com/project/population-genomics-approach-assessing-impact-climate-change-evolution-and-dynamics-east-african-bovinds
Anne Egelund Ryberg	Roskilde University, Department of Society and Globalisation	Masculinity, sexuality and HIV/AIDS in Zambian prisons	http://drp.dfccentre.com/project/masculinity-sexuality-and-hiv-aids-zambian-prisons
Nanna Schneidermann	Aarhus University, Department of Anthropology and Ethnography	More than entertainment: popular culture and entrepreneurship among urban youth in Uganda	http://drp.dfccentre.com/project/more-entertainment-popular-culture-and-entrepreneurship-among-urban-youth-uganda
Claire Michailovsky	Technical University of Denmark, Environmental Engineering	Real-time hydro-economic modeling for water resources management in the Zambezi River Basin	http://drp.dfccentre.com/project/real-time-hydro-economic-modeling-water-resources-management-zambezi-river-basin

Louise Ladefoged Poulsen	University of Copenhagen LIFE, Department of Veterinary Disease Biology	Chickens as a possible reservoir for urinary tract infections in humans	http://drp.dfcentre.com/project/chickens-possible-reservoir-urinary-tract-infections-humans
Henrik Breuning-Madsen (previously Christian R. Jensen)	University of Copenhagen LIFE, Department of Agriculture and Ecology	Sustainable food production through irrigated intensive farming systems in West Africa (SIFA)	http://drp.dfcentre.com/project/sustainable-food-production-through-irrigated-intensive-farming-systems-west-africa-sifa
Andreas Waaben Thulstrup	Roskilde University, Department of Society and Globalisation	Social and Environmental Resilience in Upland Areas of Vietnam. Responses in Land Use and Livelihood Strategies	http://drp.dfcentre.com/project/social-and-environmental-resilience-upland-areas-vietnam-responses-land-use-and-livelihood-s
Stig Milan Thamsborg and Niels Chr. Kyvsgaard	University of Copenhagen LIFE, Department of Veterinary Disease Biology	Dynamics of parasitic helminth infections: Improved control practices through comparative studies in chickens	http://drp.dfcentre.com/project/dynamics-parasitic-helminth-infections-improved-control-practices-through-comparative-studies
Sven-Erik Jacobsen	University of Copenhagen LIFE, Department of Agriculture and Ecology	Competent use of high value Andean crops (ANDESCROP)	http://drp.dfcentre.com/project/competent-use-high-value-andean-crops-andescrop
Katherine Gough	University of Copenhagen, Department of Geography & Geology	Youth and employment: the role of entrepreneurship in African economies (YEMP)	http://drp.dfcentre.com/project/youth-and-employment-role-entrepreneurship-african-economies-yemp
Rasmus Hundsbæk Petersen	Danish Institute for International Studies, DIIS	Decentralisation and Local Governance of Land in Africa. Land Reform Implementation and Citizen Participation in Tanzania.	http://drp.dfcentre.com/project/decentralisation-and-local-governance-land-africa-land-reform-implementation-and-citizen-par
Ole Sjøgaard Lund	University of Copenhagen LIFE, Department of Plant Biology and Biotechnology	Exploiting African Seed Treatment Technology	http://drp.dfcentre.com/project/exploiting-african-seed-treatment-technology
Simon Stisen (previously Karen Vilholth)	GEUS, Geological Survey of Denmark and Greenland	Impacts of Climate Change on Water Resources and Agriculture - and Adaptation Strategies in Tanzania (CLIVET)	http://drp.dfcentre.com/project/impacts-climate-change-water-resources-and-agriculture-and-adaptation-strategies-tanzania-cl
Lene Jespersen	University of Copenhagen LIFE, Department of Food Science	Value-added processing of underutilised savanna tree seeds for improved food security and income generation in West Africa	http://drp.dfcentre.com/project/value-added-processing-underutilised-savanna-tree-seeds-improved-food-security-and-income-g
Nina Elisabeth Torm	University of Copenhagen, Department of Economics	Employment generation and labour market regulation: A case study of Viet Nam	http://drp.dfcentre.com/project/employment-generation-and-labour-market-regulation-case-study-viet-nam
Sven Gjedde Sommer	SDU Inst. of Chemical Eng., Biotechnology and Env. Tech.	SUSANE 2 Optimizing environmentally friendly biogas production from livestock manure for the reduction of green house gas emissions	http://drp.dfcentre.com/project/susane-2-optimizing-environmentally-friendly-biogas-production-livestock-manure-reduction-gr
George Obeng Adjei	University of Copenhagen, Centre for Medical Parasitology	Safety and efficacy of antimalarial therapy in children with HIV and sickle cell disease: data to aid policy formulation in Ghana	http://drp.dfcentre.com/project/safety-and-efficacy-antimalarial-therapy-children-hiv-and-sickle-cell-diseasedata-aid-policy

Alexandra Yasmin Kruse	University of Copenhagen/Rigshospitalet, Pediatric Clinique II	Neonatal Hospital Mortality in South Vietnam	http://drp.dfcentre.com/project/neonatal-hospital-mortality-south-vietnam
David B. Collinge	University of Copenhagen LIFE, Department of Plant Biology and Biotechnology	Saving a precious crop: sustainable management of the black Sigatoka disease of banana	http://drp.dfcentre.com/project/saving-precious-crop-sustainable-management-black-sigatoka-disease-banana
Stine Lund	University of Copenhagen, Department of International Health, Immunology and Microbiology	Wired mothers - use of mobile phones to improve maternal and neonatal health in Zanzibar	http://drp.dfcentre.com/project/wired-mothers-use-mobile-phones-improve-maternal-and-neonatal-health-zanzibar
Jens Peter Christensen	University of Copenhagen LIFE, Department of Veterinary Disease Biology	Research initiative on Avian Influenza in Bangladesh and Vietnam	http://drp.dfcentre.com/project/research-initiative-avian-influenza-bangladesh-and-vietnam
Paul Erik Simonsen	University of Copenhagen LIFE, DBL - Centre for Health Research and Development	Operational research to support and enhance lymphatic filariasis control efforts in Eastern and Southern Africa	http://drp.dfcentre.com/project/operational-research-support-and-enhance-lymphatic-filariasis-control-efforts-eastern-and-southern-africa
Kim Fleischer Michaelsen	University of Copenhagen LIFE, Department of Human Nutrition	Treatment of childhood undernutrition: development of and access to improved foods (TREATFOOD)	http://drp.dfcentre.com/project/treatment-childhood-undernutrition-development-and-access-improved-foods-treatfood
Niels Frimodt-Møller	Statens Serum Institut	Antibiotic Drug use, Monitoring and Evaluation of Resistance in Ghana (ADMER) - a research capacity building project	http://drp.dfcentre.com/project/antibiotic-drug-use-monitoring-and-evaluation-resistance-ghana-admer-research-capacity-build
Ebba Holme Hansen	University of Copenhagen, The Pharmaceutical Faculty	Quality Medicine Use for Children in Uganda (QMUCU)	http://drp.dfcentre.com/project/quality-medicine-use-children-uganda-childmed
Peter Aaby	Statens Serum Institut	Monitoring and assessing the impact of vaccinations and other childhood interventions for both boys and girls (Prequal. no 17)	http://drp.dfcentre.com/project/monitoring-and-assessing-impact-vaccinations-and-other-childhood-interventions-both-boys-a-0
Le Huy Ham	Agricultural Genetics Institute (AGI), Vietnam	Improving rice tolerance of submergence and salinity to cope with climate change in coastal areas of Vietnamese Deltas	http://drp.dfcentre.com/project/improving-rice-tolerance-submergence-and-salinity-cope-climate-change-coastal-areas-vietname
Pham Van Cu	Hanoi University of Science, Vietnam	Impacts of Climate Change on Land Use Change in the Red River Delta and its Community Livelihood Change	http://drp.dfcentre.com/project/impacts-climate-change-land-use-change-red-river-delta-and-its-community-livelihood-change
Juma Kiduanga	Institute of Development Studies, Tanzania	Land Management System and its Associated Problems in the Process of Developing Satellite Cities in Dar es Salaam, Tanzania	http://drp.dfcentre.com/project/land-management-system-and-its-associated-problems-process-developing-satellite-cities-dar-es-salaam-tanzania
Evelyne Albert Lazaro	SUA Agricultural Economics and Agribusiness, Tanzania	Rural-Urban Complementarities for Poverty Reduction (RUCROP): Identifying the Contribution of Savings and Credit Facilities	http://drp.dfcentre.com/project/land-management-system-and-its-associated-problems-process-developing-satellite-cities-dar-es-salaam-tanzania
